

Teamsters Union Local No 760

1m • 🌐

IMPORTANT: IMPORTANT: IMPORTANT

To all Teamsters Local 760 Members.

If you have received any cards that look like this, please know that these cards are being sent out by an ANTI-UNION Organization called The Freedom Foundation.

This Organization states that state government employees are overpaid and "benefit rich." They are open about their stance on defunding government employee pensions, eliminating paid sick leave, and reducing benefits. The Freedom Foundation also pushes to eliminate the ability to collectively bargain over your wages, benefits, hours, and working conditions.

The Freedom Foundation is trying to trick you into thinking these cards are from us. The return address might make you think so.

Remember these people think that you should not have the right or ability to bargain with your employer.
